

STAGE MANAGEMENT

Please place
RVI on floor in
front of table. → 

NOTES:

- Please provide both designer and assistant a powerstrip with (4) open outlets not occupied by RVI, monitors, little-lites, etc.

- Sound should provide a clear-com for the designer and the assistant with the lighting private channel (A) and the followspots private channel (B).

- All RVI peripherals should be able to be reached comfortably while seated. The ALD can provide USB extension cables if necessary.
